Our vision is that a variety of profes-

cial Workers, Behavioral Consultants,
Educational Consultants, Sports Ther-
apists, Music and Art Therapists, and
more...will work side by side to in-
crease collaboration.

THE CLINICAL CONSORTIUM

The clinic is located at 2225 Lakeside Drive, which is the first stoplight on Half Day Rd., just east of the tollway. It is a one-story, multi-office complex with streams, bridges, and beautiful landscaping. The décor is soft and neutral, ala Montessori, warm and inviting. There is a large client waiting room with beverage service, two bathrooms, and a kitchenette. There is plenty of parking.

Two treatment rooms are reserved for the consortium use on a half-day or full-day basis. One room is furnished as a low stimulation social-communication room; the other is fully equipped as a motor gym. The spaces are large and flexible enough for therapists to customize to their own purpose. Lockers are available for storage of personal materials. In addition to electricity/gas, and custodial services, access to our art/fine motor room as well as annual membership to the Classroom Connection is included in the rental fee.
